

From Jeff Heger – Nixco Plumbing Inc., 513-398-5907

Of course, we do all of the things that we have done in the past:

Booties

Gloves

Clean up the area once we are complete

Now we have added:

Ask if anyone has been sick in the home (Coronavirus)

Clean up the area before we begin.

Wear masks if the customer ask us to.

Provide signing provisions/options for our digital lpads

Maintain the 6' distance

Do all paperwork at the job site to keep from coming back into the office

I am sure there are more processes, but this is a short list of the additional changes.
