

## PHCC Ohio Update

***PHCC Ohio is a membership organization of active plumbing-heating-cooling contractors committed to the continuous improvement of our industry and society's quality of life through ongoing education, training, and political action.***

---

### **RESPONSIBLE RESTART OHIO:**

The guiding principles of the Responsible RestartOhio plan are protecting the health of employees, customers, and their families, supporting community efforts to control the spread of COVID-19, and responsibly getting Ohio back to work.

"We put this plan together based on all the information we have about how dangerous COVID-19 still is right now, balanced with the fact that it's also dangerous to have people not working," said Governor DeWine. "COVID-19 is still out there. It's still killing people. We're asking Ohioans to be reasonable and rational. Please don't take huge chances, and please use common sense when you go out and where you go out."

**Beginning on May 4, 2020**, manufacturing, distribution, and construction businesses may reopen if these businesses can meet mandatory safety requirements for customers and employees. The full Responsible RestartOhio plan for manufacturing, distribution, and construction can be found at [coronavirus.ohio.gov/ResponsibleRestartOhio](https://coronavirus.ohio.gov/ResponsibleRestartOhio).

**Beginning on May 4, 2020**, general office environments may reopen if these businesses can meet mandatory safety requirements for customers and employees. The full Responsible RestartOhio plan for general office environments can be found at [coronavirus.ohio.gov/ResponsibleRestartOhio](https://coronavirus.ohio.gov/ResponsibleRestartOhio).

**Beginning on May 12, 2020**, consumer, retail and services, may reopen if these businesses can meet mandatory safety requirements for customers and employees. The full Responsible RestartOhio plan for consumer, retail and services can be found at [coronavirus.ohio.gov/ResponsibleRestartOhio](https://coronavirus.ohio.gov/ResponsibleRestartOhio).

The general safe business practices that all businesses must follow as they reopen are:

- Requiring face coverings for all employees, and recommending them for clients and customers at all times

- Conducting daily health assessments or self-evaluations of employees to determine if they should work
- Maintaining good hygiene at all times such as hand washing and social distancing
- Cleaning and sanitizing workplaces throughout the day and at the close of business or between shifts
- Limiting capacity to meet social distancing guidelines

"I have an obligation as the Governor of Ohio to get people back to work and keep them safe. Opening everything up at once would not be consistent with the obligation to keep people safe," said Governor DeWine. "Our Responsible RestartOhio plan is the best guarantee that Ohioans will feel safe going to stores and employees will feel safe going to work. I'm optimistic about our future, but we can't be reckless."

**CONTINUED CLOSURES:**

The following types of establishments are ordered to remain closed due to their increased risk of potential COVID-19 exposure:

- Schools and daycares
- Dine-in restaurants and bars (carry-out is still permitted)
- Personal appearance and beauty businesses
- Older adult daycare services and senior centers
- Adult day support or vocational rehabilitation services in group settings
- Entertainment, recreation, and gyms

For greater detail on the types of businesses that must stay closed, visit [coronavirus.ohio.gov/ResponsibleRestartOhio](https://www.coronavirus.ohio.gov/ResponsibleRestartOhio).

**STAY AT HOME ORDER / LARGE GATHERINGS:**

Because the danger of COVID-19 still exists, Ohio's Stay at Home order will remain in effect to encourage Ohioans to continue making reasonable, rational decisions about leaving home.

Although anyone is susceptible to getting sick with COVID-19, those who are 65 or older are encouraged to be especially careful, as are those with high-risk conditions such as chronic lung disease, moderate to severe asthma, heart conditions, diabetes, chronic kidney disease, or liver disease, as well as those who are immunocompromised or obese.

Large gatherings of more than 10 people are still prohibited.

**MORE INFORMATION:**

More detailed information on the Responsible RestartOhio plan can be found at [www.coronavirus.ohio.gov/ResponsibleRestartOhio](https://www.coronavirus.ohio.gov/ResponsibleRestartOhio).
